

PRODUCT SAFETY RECALL

- **K & H Brush On Underbody Protectant and Sound Deadener**
- **Bodytech Underbody Protectant and Sound Deadener**
- **GPI Brush On Body Deadener**

K & H Surface Technologies Pty. Ltd. is undertaking a voluntary recall of K & H Brush On Underbody Protectant and Sound Deadener, Bodytech Underbody Protectant and Sound Deadener and GPI Brush On Body Deadener.

Investigations into these products have revealed that these products contain Chrysotile (white) asbestos. The asbestos is bound in a viscous bitumen base. On the basis of information currently available K & H considers that the products pose no measurable risk in respect to airborne asbestos fibres to any person when applying the product.

Affected product is available in 1 or 4 litre tins and has been sold to trade customers and in auto retail shops since 2001.

Consumers should immediately discontinue use of these products.

Consumers should telephone 1800 838 148 (toll free Australia wide) during business hours for directions on collecting the products and providing refunds.
